II. Policy Subsection

8.8 Attendance

III. Policy Statement

Each faculty member is required to create and make available a course syllabus which clearly and explicitly describes the course attendance policy. Faculty members are encouraged to create an attendance policy that takes into consideration anticipated (such as College-related activities, personal issues, etc.) and unanticipated (such as trauma, military duty, court appearances, etc.) absences.

Students are responsible for contacting their instructors regarding absences. Students must understand that they are responsible for class work missed during an absence, doing any extra work that may be required to replace in-class activities, and that missing class will impact student learning and may negatively impact grades. Each faculty member’s attendance policy, as stated in the course syllabus, is the final authority on any academic consequences associated with missing a class.

Attendance policies must take into consideration the need to comply with requirements of state and federal laws including the Americans with Disabilities Act and Title IX.

Each faculty member shall maintain an accurate daily record of the attendance of each student enrolled in each of the faculty member’s classes. This record should include date of last attendance in the case of a student receiving an E or a W in the course.

IV. Reason for the Policy

Grand Rapids Community College believes that attendance is essential to student success and sees excessive absenteeism as a very serious matter, but also believes the classroom instructor is the best evaluator of the impact attendance may have on student success in any given course.
