

GRCC became the first college in the nation to be federally and state-licensed to own and operate a revenue-generating brewery and pub.

The Fountain Hill Brewery and Peter's Pub opened on Sept. 23, 2016, expanding course offerings for the Secchia Institute for Culinary Education and preparing students to thrive in West Michigan's growing craft brewing scene. The equipment was obtained with support from Michigan's Community College Skilled Trades Equipment Program and former Ambassador Peter Secchia.

The brewery features a Craftwerks Brewing System three-barrell design able to brew about six kegs per batch. The brewery and pub serve as a laboratory for culinary students, helping them learn brewing and front-of-house skills.
