Improve your **MEMORY**.  
Exercise your **BRAIN**.

Join the **GRCC Older Learner Center**

**Brain Games Club**

The **GRCC Older Learner Center** has created the **Brain Games Club**—combining fun, challenging mental games and peer engagement into one—to help you maintain and expand your memory and brain function.

Research has shown that you can increase your brain capacity and performance through **exercising your mind**. Challenging mental exercises develop new dendrite connections in the brain which increase brain capacity and function.

We don’t just want to exercise your dendrites...we want you to socialize and enjoy yourself too! Be a part of the FUN and **join the Brain Games Club today**.

**Annual** membership is $50 any time **before** January 2014 through August 2014.  
**Half-year** membership is $25 any time **after** January 2014. Scholarships are available to those in need.

**To Register:**
Contact GRCC  
**Workforce Training**
**Phone:** (616) 234-3400
**Online:** grcc.edu/olcregistration  
Click on the “CELL180 Brain Games Club” link under “Course Listing.”
