Steps for Transfer
What Should You Be Doing Right Now?

When applying to a baccalaureate (4-year) institution, you should apply at least a year in advance. Here is a timeline to help you plan the application process along with a list of steps you can complete. Be aware this is only a guide and some schools may recommend applying sooner. Also, competitive programs may have an earlier application deadline.

**Office Visit for Transfer Advising**
Students are encouraged to contact the Transfer Office with questions or to schedule an advising appointment.
