GRCC Medical Response Request

If you have specific requests for the GRCC Police Department in response to a known medical condition please complete this form and email it to police@grcc.edu or drop it off to our office at 25 Lyon St. NE. Everything you provide is voluntary.

If you need specific academic or campus accommodations please contact Disability Support Services at (616) 234-4140.

Please be aware, members of the GRCC Police Department will attempt to honor the requests listed on this document, however, in an effort to protect all individuals and the campus community, normal medical protocols may be followed if the individual is unable to communicate their needs, including calling for advanced emergency medical services. The final decision about transporting via ambulance to an area hospital is the responsibility of the EMS crew, based on their medical evaluation, and consent from the individual if they are able to communicate.
